[Windjammer for a C-5.](#) This attaches to the top of the windshield with a temporary clamp that can be easily be attached or removed. This was donated by one of our members since he now owns a C-7. As it did not sell at the Chili Cookoff, the club is selling it here. The money we receive for this will go to a charity. Windjammer retails for \$215.00, the club is asking \$100.00 or best offer. Please contact Ron Giese 262-628-3721.

Ozaukee Glass Editorial Page

Welcome to Ozaukee Corvette Club's 40th anniversary year! The Board has been discussing how to make our club meetings more interesting, informative, fun. We would be very grateful if you would consider sharing some of your ideas of what you would like to do at a regular club meeting. Or, restated, what informs your membership in OCC? Please come to February or March Board meetings and let's have a conversation.

Our advertisers are small to medium sized independent businesses. We have member driven advertisers; where members have suggested the advertiser rather than hope companies would reach out to us. Between us, our membership trades at all of these places. Readers, please take time each month to read through our advertisers and do business with them when it makes sense. If you have a business you trade with you think other members would like to know about; please write Jim with your suggestion.

Tech tip!

C7 Corvette Tech Tips & Tricks

In car owner's manual (often overlooked)

- 1) Cup holder divider is removable
- 2) USB in instrument panel storage compartment
- 3) Sun visors extend along the rod
- 4) Turn signal will chime if left on for more than 3/4 mile
- 5) "Favorites" can be used to save more than radio presets. For example, you can save Nav Destinations (like Home), contacts, tone settings, artists, songs, etc.
- 6) Although I love the HUD, some people find it distracting. You can turn the HUD display off by holding down the image brightness 'down' button
- 7) With your windows rolled down and the alarm set, reaching into the car will trigger the intrusion alarm (enhanced alarm system).
- 8) Presets located in the favorites bar can be renamed under the *Radio/Manage* *Favorites* settings
- 9) On the navigation screen, tap on the vehicle icon to have the current address of the vehicle overlaid on the map
- 10) Tune Select - for SiriusXM only, allows you to select an artist, song or program that will alert you when playing. I use this every morning for HLN Headline News. Change the channel during the ridiculous ads, and it alerts when the show comes back on. Even informs you on the HUD, so you don't have to keep looking at the radio.
